## NEW on our website

Each week we will continue to upload information on to our website for you.

### Information on mental health awareness week

Go to – PARENTS – PARENT ADVICE & HELP

to our Year 6 for successfully completing their SATs this week.

We are all so very proud of you 😊

Did you know?

The contractors working on the roadworks outside school, stopped drilling whilst Year 6 were doing their SATs.

We all said a great big thank you 😊

## Year 5 learn how to design a city

Today Year 5 pupils visited the Earls Court development centre.

The purpose of the visit was to learn how a city is designed.

We were led through the process by Ian, who gave us opportunities to decide what was important to us in our play and how we could incorporate play into our cities along with the other areas such as

- homes
- business
- social
- energy
- transport
- waste
- health

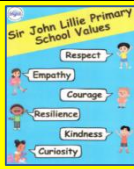

The children were excellent at making connections between all the areas, for example, how waste is connected to social areas through food waste, old packaging etc.

The next trip will be to visit a mini city and then design their own together.

# Celebrating our values

Congratulations to the following children who were identified as having proudly shared one of our school values this week.

# How old is Grandad?

Fred asked his Grandad how old he was.

Rather than tell him, his Grandad replied: 'I have 6 children and there are 4 years between each one and the next. The oldest one was born when I was 19 and the youngest one is 19 today' That's all I'm telling you!

How old is Fred's Grandad?

# Gymnastics Obstacle Course

What you need: a dressing gown rope, two pillows and toy

## How to play:

- Create a gymnastics course by placing out the rope, pillows and toy.
- Balance along the rope, jump and land on each of the pillows then create a balance by creating the same shape as your chosen toy.
- Place the items further apart and link your actions using different travelling actions e.g. crawl, spin, hop, lunge etc.

# Hot Spots

What you need: two players, six markers and a ball

## How to play:

- Stand five big steps apart and place three cones on the floor at your feet.
- Take turns trying to hit your partner's cones using an underarm throw.
- If you hit a cone, you take it and add it to your row.
- The game is played until one pupil has all of the cones.
- Make this easier by using a bigger ball.
