### Online safety

It is SO important that you regularly check the following:

- parental controls
- what your child is accessing on their devices (phone, tablet, laptop, games console etc.)
- and that they are aware of how to use their devices safely.
- If your child uses your device remember that they may be able to access apps or information which is not age appropriate.

Please would you donate a box of tissues to your child's class.

Thank you

## Working together

We believe and value the partnership we have with you. There are many skills your children will benefit from learning both at home and in school.

**This week we would like you to teach your child to tie their shoe laces.**
