Science week

We planted seeds in pots and our edible garden.

We had two STEM ambassadors, who work on construction sites, come in to share what their jobs involve.

They brought some of the equipment they use to keep safe for us to try on.

Attendance and lateness Friday 6th March to Thursday 12th

Class	Attendance	How many children late and how many lates in the class
Years 1&2	92%	4 chn/ 4 lates
Year 3 	96.9%	3 chn/ 3 lates
Year 4	91.7%	6 chn/ 9 lates
Year 5	95.8%	1 chn/1 lates
Year 6	95.9%	5 chn/ 5 lates
Total	94.5%	19 chn/22 times

Y6 made the most of the weather and went outside this week to explore our Science Week topic 'The bigger the seed, the bigger the plant'.

They then did an observational drawing of the beautiful blossom trees in the playground which they will use to paint in the style of David Hockney.

The farm

pony

What a surprise!

It was a joy to watch mums and dads, children and staff enjoy the farm animals yesterday morning when we opened the gates.

We met the animals during the morning and the farmers talked to us about what food the animals liked and showed us how to feed them. Their noses tickled our hands when they took the food!

5H	Raihan	Curiosity
6P	Rayan	Curiosity

Curiosity was our value this week because we were curious about our science week topic.

A special recognition for **caring** goes to Ibrahim in Y6.

Today he showed exceptional care and responsibility towards one of our pupils on the way to school.

We are very proud of you
Ibrahim 😊

What do you hear and see in a piece of classical music?

On Thursday we had a visit from a concert pianist called Yusu.

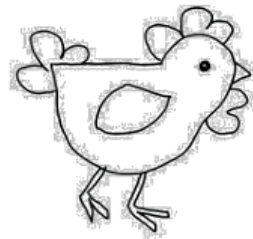

Yusu developed our skill in listening to a piece of music for emotions. She talked about major and minor scales and how they can change the mood of a piece of music.

We also sang in harmony together.
