Dear Parent and Carers

Some of you may have recently become aware of an incident involving threats between pupils at our school. To reassure you, this incident did not happen in school, it happened online via mobile apps after school hours.

We are working with the Local Authority and the police regarding this incident and have put in appropriate safeguards within the school environment to keep all pupils safe.

We would like to take this opportunity to remind you to check your child's phone regularly and ensure they are only accessing apps that are suitable. Many apps have an age rating of 13+. This information was published on the newsletter last week.

We do a huge amount of online safety work with the children including what to do if they feel worried or upset about something they see online and how to report it and stay safe.

If you have any concerns, please come and speak to us.

Thank you for your continuing support.

Sue Hayward
