22nd January 2024

Dear Parents and Carers,

Thank you very much for your support with the evacuation on Friday.

As you are aware we are having a new boiler installed. After lunch, when the children were about to go back to class an issue arose.

The children remained playing in the playground (where it was sunny) and had no idea there was a problem.

We decided to evacuate the school to ensure the safety of all children and adults who were in the building. The children were made very welcome at St Augustine's and sat in the school hall.

At no point were your children or the staff at any risk.

We are very proud of your children.

Thank you for your continuing support.

Yours faithfully

Sue Hayward
